1. A licensed Staff members' entitlement will be calculated on a pro-rata basis of hours worked, calculated as a percentage of total licensed Staff hours for that Trainer for the Quarter. With that information, 2% of the total prizemoney earned by the Stable or the Quarter will be divided accordingly.
2. Payment is for NSW resident licensed Stablehands, Riders and Forepersons engaged by Trainers licensed by Racing NSW with a permanent stable in NSW that meet the following criteria

Racing NSW looks at the Racing Business conducted in NSW when considering whether trainers maintain a permanent stable. Some of the factors considered include:

- The number of boxes owned/ leased in NSW
 - The number of horses stabled in NSW that are raced monthly in NSW
 - Trainer or Foreman is a NSW resident
 - The number of employed staff in NSW stables
 - Overall substance of the Racing Business conducted in NSW including a demonstrated commitment to Thoroughbred Racing in NSW for over 12 months
3. A Trainer submits details of the hours worked by each licensed Staff member who has been employed by them, electronically via the Racing NSW website www.racingnsw.com.au.
 4. Information is to be submitted:
 - Quarterly: For Trainers whose total annual wages exceeds \$7,500, at the end of each Quarter being 30 September, 31 December, 31 March & 30 June.
 - Bi-annually: For Trainers whose total annual wages is less than \$7,500, bi-annually being 31 December & 30 June

The information must be submitted by trainers by the 21st of the following month. Payments will be made within five (5) business days after that date. Any information submitted subsequently to the due date, will be processed on an as needs basis.

5. The following information will need to be submitted:

Name and address of licensed Staff member (a link to the Trainer's current staff list is available);

- Number of hours worked;
- Period which the person was employed (e.g. all of the Quarter or part thereof).

6. "Hours worked" is the numbers of hours completing duties related to stable, strapping and riding tasks whilst at work during that Quarter – See further definition next page. Periods on Workers compensation are not included in the payment scheme.
7. A Trainer should complete the hours that each eligible Licensed Staff member worked during the Period and if the staff member has left their employ provide a finishing date. The person is entitled to that portion of the payment. If the person starts work with another trainer during the Quarter they are eligible for part payment from that Trainer's stable prizemoney for the second period worked.
8. The payment is intended for Licensed Stable Workers and riders only. If (for example) a Trainer or Jockey also holds a Stablehand or Foreman's licence they are not eligible for the payment.
9. Licensed Staff will only be paid via a bank account which is required to be submitted to Racing NSW. Bank details can be lodged electronically via the Racing NSW website.
10. Racing NSW recommends that you seek advice from your own professional taxation advisor in respect of your particular circumstances. Whilst not providing you with advice, it appears to Racing NSW that the stablehand payment forms part of your assessable income and should be included in your income tax return during the income year it is derived (which ordinarily would be when it is received). Accordingly, it is important that you seek advice on this issue to ensure that you comply with your taxation obligations.

All information provided by Trainers and licencees must be true and correct. It is a serious offence under the Rules of Racing to make a false declaration. See next page Local Rules 81A and 110. Referral to outside agencies may also occur.
